**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019**

Note 1 - Description of the Plan

The following description of the Quanta Services, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Quanta Services, Inc. (the plan administrator) and adopting affiliates (collectively the Company) on January 1, 1999. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code), which includes a qualified deferred arrangement, as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company, as plan administrator, established an administrative committee (the Plan Committee). The Plan Committee is responsible for the general administration of the Plan. The Plan Committee is given all powers necessary to enable it to carry out its duties including, but not limited to, the power to interpret the Plan.

(b) Trustee and Recordkeeper

Fidelity Management Trust Company (Fidelity) serves as trustee to hold, manage, invest, and ultimately distribute the assets of the Plan to participants. Fidelity Workplace Services, LLC serves as the recordkeeper.

(c) Eligibility

Eligible employees, as defined in the plan document, may enter the Plan on the later of their date of hire or attainment of age 18.

(d) Contributions

Participants may contribute (on a pretax basis) amounts from 1% to 75% of eligible compensation as defined in the plan document, subject to certain limitations under the Code (\$19,500 for 2020 and \$19,000 for 2019). Eligible employees who have attained age fifty (50) before the end of the plan year shall be eligible to make catch-up contributions, subject to certain limitations under the Code (\$6,500 for 2020 and \$6,000 for 2019).

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

Participants may also contribute amounts representing distributions from former employers' qualified retirement plans (rollovers) and individual retirement accounts.

The Company makes safe harbor matching contributions to eligible participants in an amount equal to 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 3% of the participant's eligible compensation contributed to the Plan. The Plan provides for an annual true-up matching contribution for eligible participants. For the years ended December 31, 2020 and 2019, the Company made year-end true-up contributions of approximately \$3,032,000 and \$2,600,000, respectively.

The Company may elect to make contributions on behalf of employees who perform services covered by the Davis-Bacon Act, as amended, irrespective to any age or service requirements. The Company is required to meet the required benefit levels under the applicable prevailing wage laws and takes this into consideration when determining what portion of the prevailing wages will be contributed to the Plan. For the years ended December 31, 2020 and 2019, the Company made prevailing wage contributions to the Plan of approximately \$753,000 and \$1,000,000, respectively.

Participants may elect to have their contributions and the Company's contributions allocated to one or more investment options offered by the Plan. Participants may transfer all or a portion of their account balance among any of the investment options daily, subject to respective funds' transfer restrictions. In the event investment instructions are not received from the participant, the investment of contributions are allocated to the default investment option, the Fidelity Freedom Funds designated based upon the year the participant would attain age 65.

(e) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and the participant's share of earnings, losses, and any appreciation or depreciation of the funds invested, net of administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(f) Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 minus the largest outstanding loan balance in the last 12 months; or (b) 50% of their vested account balance. The loans are secured by the balance of the participant's account. A participant may not have more than one loan outstanding at any one time unless it is a grandfathered second loan from an acquired company. Interest rates are established by the Plan Committee. Notes must be repaid within five years unless used to acquire a principal residence, in which case the note must be repaid within fifteen years. Principal and interest are repaid through after-tax payroll deductions. Interest rates for outstanding notes ranged from 3.25% to 7.5% at December 31, 2020 and 3.25% to 9.25% at December 31, 2019.

See independent auditors' report.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

During 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which provided the following benefits to eligible participants:

- The available loan amount was increased to the lesser of \$100,000 or 100% of the participant's vested account balance for loans issued between March 27, 2020 to September 22, 2020. For the year ended December 31, 2020, the Plan issued \$7,232,274 of coronavirus-related loans.
- Loan repayments could be deferred through December 31, 2020 without causing the loan to become delinquent and go into default. In 2021, the participant's loan balance plus the interest accrued during the deferment period would reamortize over the remaining term beginning January 1.

(g) Vesting and Forfeitures

Participants are always 100% vested in their contributions plus actual earnings thereon. With the exception of certain grandfathered employer contributions and earnings thereon as further described in the plan document, participants are always 100% vested in the Company's safe harbor matching contributions, the Company's prevailing wage contributions, plus actual earnings thereon.

Forfeitures attributable to the nonvested grandfathered employer contributions may be used to pay administrative expenses of the Plan or to reduce future employer contributions to the Plan. At December 31, 2020 and 2019, the forfeiture balance was approximately \$360,000. For the year ended December 31, 2020 no forfeitures were used to reduce Company contributions. For the year ended December 31, 2019 approximately \$76,000 of forfeitures were used to reduce Company contributions, respectively. No forfeitures were utilized to pay administrative expenses for the years ended December 31, 2020 and 2019.

(h) Benefit Payments

Unless otherwise stated in the plan document, an active participant may withdraw some or all of his or her account for reasons of financial hardship, upon the age of 59½ and for other such reasons. Upon retirement, termination of employment, death or permanent disability, participants or their beneficiaries may receive a lump sum withdrawal equal to the vested value of their accounts. Upon withdrawal from the Plan, participants may be subject to federal income tax on contributions and income earned.

Pursuant to the CARES Act, eligible plan participants were permitted to request up to \$100,000 in coronavirus-related distributions, with a repayment option of up to three years. The ability to request these distributions ceased on December 30, 2020. For the year ended December 31, 2020, the Plan disbursed approximately \$26,114,000 of coronavirus-related distributions.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

(i) Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, at the Company's discretion. Expenses that are paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation in fair value of investments. Transactional fees for withdrawals and loans are charged directly to the participant's account and are included in administrative expenses.

Note 2 - Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are presented on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019, as the notes are collateralized by the respective participant's account balance. In general, notes receivable from participants are considered in default in the quarter following the quarter in which no payment is made. Defaulted loans are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

(e) Investment Income Recognition

Realized gains or losses on the sale of investments and unrealized appreciation or depreciation in the market value of investments held at the end of the year are shown as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits. Interest is recorded on the accrual basis.

See independent auditors' report.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade date basis.

(f) Benefit Payments

Benefits are recorded when paid.

(g) Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 11, 2021, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019

The following is a description of the Plan's valuation methodologies for assets measured at fair value. There were no changes in methodologies used at December 31, 2020 and 2019.

(a) Money Market Fund and Mutual Funds

Valued at the daily closing price as reported by the fund, the money market fund and mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

(b) Common/Collective Trust Fund

The common/collective trust fund is valued at its NAV as determined by the issuer. The fair value of the fund is calculated on a daily basis by the issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes, as applicable, for the underlying funds. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the fund could result in a different estimate of fair value at the reporting date.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

Note 4 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the trustee of the Plan that all of the information provided by them is complete and accurate. Information included in the financial statements and accompanying notes to financial statements as to investments, notes receivable from participants, investment income (loss), interest income on notes receivable from participants, and all the related information in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented in reliance solely upon those certifications.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes and the supplemental schedule mentioned above.

Note 5 - Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Note 6 - Tax Status

The volume submitter defined contribution plan document adopted by the Company received its latest advisory letter from the IRS dated March 31, 2014, stating that it was in compliance with the applicable requirements of the IRC. The volume submitter defined contribution plan document has been amended since receiving the advisory letter; however, the plan administrator, through its adoption of the volume submitter defined contribution plan document, believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

Note 8 - Nonexempt Prohibited Transactions

As reported on supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, \$792,030 consisting of \$670,618 of participant contributions and \$121,412 of participant loan repayments were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting nonexempt prohibited transactions between the Plan and the Company for the year ended December 31, 2020. The participant contributions and the participant loan repayments were remitted to the Plan prior to December 31, 2020. Lost earnings on \$107,953 of the untimely remittances were remitted to the Plan prior to December 31, 2020. The plan administrator is in the process of restoring lost earnings on the remaining \$684,077 of untimely remittances and will remit the lost earnings to the Plan as soon as administratively possible.

Note 9 - Party-in-Interest Transactions

The Plan invests in a money market fund, mutual funds, and a common/collective trust fund managed by Fidelity or one of its affiliates. Therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Code.

The Plan participates in a revenue credit program with Fidelity. Pursuant to the service agreement between Fidelity and the Company, Fidelity provides certain administrative services to the Plan. In situations where recordkeeping revenue earned in connection with plan services exceeds agreed upon compensation, Fidelity will deposit excess revenue in a suspense account in the Plan. The plan administrator can direct Fidelity to pay ERISA-qualified expenses and/or allocate unused revenue credits to eligible participants. The balance in the suspense account at December 31, 2020 and 2019, was approximately \$400,000 and \$660,000, respectively. For the years ended December 31, 2020 and 2019, approximately \$160,000 and \$25,000, was utilized to pay for Plan expenses. For the years ended December 31, 2020 and 2019, approximately \$640,000 and \$500,000 was reallocated to eligible participants.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019**

Note 1 - Description of the Plan

The following description of the Quanta Services, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Quanta Services, Inc. (the plan administrator) and adopting affiliates (collectively the Company) on January 1, 1999. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code), which includes a qualified deferred arrangement, as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company, as plan administrator, established an administrative committee (the Plan Committee). The Plan Committee is responsible for the general administration of the Plan. The Plan Committee is given all powers necessary to enable it to carry out its duties including, but not limited to, the power to interpret the Plan.

(b) Trustee and Recordkeeper

Fidelity Management Trust Company (Fidelity) serves as trustee to hold, manage, invest, and ultimately distribute the assets of the Plan to participants. Fidelity Workplace Services, LLC serves as the recordkeeper.

(c) Eligibility

Eligible employees, as defined in the plan document, may enter the Plan on the later of their date of hire or attainment of age 18.

(d) Contributions

Participants may contribute (on a pretax basis) amounts from 1% to 75% of eligible compensation as defined in the plan document, subject to certain limitations under the Code (\$19,500 for 2020 and \$19,000 for 2019). Eligible employees who have attained age fifty (50) before the end of the plan year shall be eligible to make catch-up contributions, subject to certain limitations under the Code (\$6,500 for 2020 and \$6,000 for 2019).

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

Participants may also contribute amounts representing distributions from former employers' qualified retirement plans (rollovers) and individual retirement accounts.

The Company makes safe harbor matching contributions to eligible participants in an amount equal to 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 3% of the participant's eligible compensation contributed to the Plan. The Plan provides for an annual true-up matching contribution for eligible participants. For the years ended December 31, 2020 and 2019, the Company made year-end true-up contributions of approximately \$3,032,000 and \$2,600,000, respectively.

The Company may elect to make contributions on behalf of employees who perform services covered by the Davis-Bacon Act, as amended, irrespective to any age or service requirements. The Company is required to meet the required benefit levels under the applicable prevailing wage laws and takes this into consideration when determining what portion of the prevailing wages will be contributed to the Plan. For the years ended December 31, 2020 and 2019, the Company made prevailing wage contributions to the Plan of approximately \$753,000 and \$1,000,000, respectively.

Participants may elect to have their contributions and the Company's contributions allocated to one or more investment options offered by the Plan. Participants may transfer all or a portion of their account balance among any of the investment options daily, subject to respective funds' transfer restrictions. In the event investment instructions are not received from the participant, the investment of contributions are allocated to the default investment option, the Fidelity Freedom Funds designated based upon the year the participant would attain age 65.

(e) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and the participant's share of earnings, losses, and any appreciation or depreciation of the funds invested, net of administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(f) Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 minus the largest outstanding loan balance in the last 12 months; or (b) 50% of their vested account balance. The loans are secured by the balance of the participant's account. A participant may not have more than one loan outstanding at any one time unless it is a grandfathered second loan from an acquired company. Interest rates are established by the Plan Committee. Notes must be repaid within five years unless used to acquire a principal residence, in which case the note must be repaid within fifteen years. Principal and interest are repaid through after-tax payroll deductions. Interest rates for outstanding notes ranged from 3.25% to 7.5% at December 31, 2020 and 3.25% to 9.25% at December 31, 2019.

See independent auditors' report.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

During 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which provided the following benefits to eligible participants:

- The available loan amount was increased to the lesser of \$100,000 or 100% of the participant's vested account balance for loans issued between March 27, 2020 to September 22, 2020. For the year ended December 31, 2020, the Plan issued \$7,232,274 of coronavirus-related loans.
- Loan repayments could be deferred through December 31, 2020 without causing the loan to become delinquent and go into default. In 2021, the participant's loan balance plus the interest accrued during the deferment period would reamortize over the remaining term beginning January 1.

(g) Vesting and Forfeitures

Participants are always 100% vested in their contributions plus actual earnings thereon. With the exception of certain grandfathered employer contributions and earnings thereon as further described in the plan document, participants are always 100% vested in the Company's safe harbor matching contributions, the Company's prevailing wage contributions, plus actual earnings thereon.

Forfeitures attributable to the nonvested grandfathered employer contributions may be used to pay administrative expenses of the Plan or to reduce future employer contributions to the Plan. At December 31, 2020 and 2019, the forfeiture balance was approximately \$360,000. For the year ended December 31, 2020 no forfeitures were used to reduce Company contributions. For the year ended December 31, 2019 approximately \$76,000 of forfeitures were used to reduce Company contributions, respectively. No forfeitures were utilized to pay administrative expenses for the years ended December 31, 2020 and 2019.

(h) Benefit Payments

Unless otherwise stated in the plan document, an active participant may withdraw some or all of his or her account for reasons of financial hardship, upon the age of 59½ and for other such reasons. Upon retirement, termination of employment, death or permanent disability, participants or their beneficiaries may receive a lump sum withdrawal equal to the vested value of their accounts. Upon withdrawal from the Plan, participants may be subject to federal income tax on contributions and income earned.

Pursuant to the CARES Act, eligible plan participants were permitted to request up to \$100,000 in coronavirus-related distributions, with a repayment option of up to three years. The ability to request these distributions ceased on December 30, 2020. For the year ended December 31, 2020, the Plan disbursed approximately \$26,114,000 of coronavirus-related distributions.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

(i) Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, at the Company's discretion. Expenses that are paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation in fair value of investments. Transactional fees for withdrawals and loans are charged directly to the participant's account and are included in administrative expenses.

Note 2 - Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are presented on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019, as the notes are collateralized by the respective participant's account balance. In general, notes receivable from participants are considered in default in the quarter following the quarter in which no payment is made. Defaulted loans are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

(e) Investment Income Recognition

Realized gains or losses on the sale of investments and unrealized appreciation or depreciation in the market value of investments held at the end of the year are shown as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits. Interest is recorded on the accrual basis.

See independent auditors' report.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade date basis.

(f) Benefit Payments

Benefits are recorded when paid.

(g) Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 11, 2021, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

The following is a description of the Plan's valuation methodologies for assets measured at fair value. There were no changes in methodologies used at December 31, 2020 and 2019.

(a) Money Market Fund and Mutual Funds

Valued at the daily closing price as reported by the fund, the money market fund and mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

(b) Common/Collective Trust Fund

The common/collective trust fund is valued at its NAV as determined by the issuer. The fair value of the fund is calculated on a daily basis by the issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes, as applicable, for the underlying funds. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the fund could result in a different estimate of fair value at the reporting date.

Note 4 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the trustee of the Plan that all of the information provided by them is complete and accurate. Information included in the financial statements and accompanying notes to financial statements as to investments, notes receivable from participants, investment income (loss), interest income on notes receivable from participants, and all the related information in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented in reliance solely upon those certifications.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes and the supplemental schedule mentioned above.

Note 5 - Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Note 6 - Tax Status

The volume submitter defined contribution plan document adopted by the Company received its latest advisory letter from the IRS dated March 31, 2014, stating that it was in compliance with the applicable requirements of the IRC. The volume submitter defined contribution plan document has been amended since receiving the advisory letter; however, the plan administrator, through its adoption of the volume submitter defined contribution plan document, believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

Note 8 - Nonexempt Prohibited Transactions

As reported on supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, \$792,030 consisting of \$670,618 of participant contributions and \$121,412 of participant loan repayments were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting nonexempt prohibited transactions between the Plan and the Company for the year ended December 31, 2020. The participant contributions and the participant loan repayments were remitted to the Plan prior to December 31, 2020. Lost earnings on \$107,953 of the untimely remittances were remitted to the Plan prior to December 31, 2020. The plan administrator is in the process of restoring lost earnings on the remaining \$684,077 of untimely remittances and will remit the lost earnings to the Plan as soon as administratively possible.

Note 9 - Party-in-Interest Transactions

The Plan invests in a money market fund, mutual funds, and a common/collective trust fund managed by Fidelity or one of its affiliates. Therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Code.

The Plan participates in a revenue credit program with Fidelity. Pursuant to the service agreement between Fidelity and the Company, Fidelity provides certain administrative services to the Plan. In situations where recordkeeping revenue earned in connection with plan services exceeds agreed upon compensation, Fidelity will deposit excess revenue in a suspense account in the Plan. The plan administrator can direct Fidelity to pay ERISA-qualified expenses and/or allocate unused revenue credits to eligible participants. The balance in the suspense account at December 31, 2020 and 2019, was approximately \$400,000 and \$660,000, respectively. For the years ended December 31, 2020 and 2019, approximately \$160,000 and \$25,000, was utilized to pay for Plan expenses. For the years ended December 31, 2020 and 2019, approximately \$640,000 and \$500,000 was reallocated to eligible participants.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019**

Note 1 - Description of the Plan

The following description of the Quanta Services, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Quanta Services, Inc. (the plan administrator) and adopting affiliates (collectively the Company) on January 1, 1999. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code), which includes a qualified deferred arrangement, as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company, as plan administrator, established an administrative committee (the Plan Committee). The Plan Committee is responsible for the general administration of the Plan. The Plan Committee is given all powers necessary to enable it to carry out its duties including, but not limited to, the power to interpret the Plan.

(b) Trustee and Recordkeeper

Fidelity Management Trust Company (Fidelity) serves as trustee to hold, manage, invest, and ultimately distribute the assets of the Plan to participants. Fidelity Workplace Services, LLC serves as the recordkeeper.

(c) Eligibility

Eligible employees, as defined in the plan document, may enter the Plan on the later of their date of hire or attainment of age 18.

(d) Contributions

Participants may contribute (on a pretax basis) amounts from 1% to 75% of eligible compensation as defined in the plan document, subject to certain limitations under the Code (\$19,500 for 2020 and \$19,000 for 2019). Eligible employees who have attained age fifty (50) before the end of the plan year shall be eligible to make catch-up contributions, subject to certain limitations under the Code (\$6,500 for 2020 and \$6,000 for 2019).

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

Participants may also contribute amounts representing distributions from former employers' qualified retirement plans (rollovers) and individual retirement accounts.

The Company makes safe harbor matching contributions to eligible participants in an amount equal to 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 3% of the participant's eligible compensation contributed to the Plan. The Plan provides for an annual true-up matching contribution for eligible participants. For the years ended December 31, 2020 and 2019, the Company made year-end true-up contributions of approximately \$3,032,000 and \$2,600,000, respectively.

The Company may elect to make contributions on behalf of employees who perform services covered by the Davis-Bacon Act, as amended, irrespective to any age or service requirements. The Company is required to meet the required benefit levels under the applicable prevailing wage laws and takes this into consideration when determining what portion of the prevailing wages will be contributed to the Plan. For the years ended December 31, 2020 and 2019, the Company made prevailing wage contributions to the Plan of approximately \$753,000 and \$1,000,000, respectively.

Participants may elect to have their contributions and the Company's contributions allocated to one or more investment options offered by the Plan. Participants may transfer all or a portion of their account balance among any of the investment options daily, subject to respective funds' transfer restrictions. In the event investment instructions are not received from the participant, the investment of contributions are allocated to the default investment option, the Fidelity Freedom Funds designated based upon the year the participant would attain age 65.

(e) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and the participant's share of earnings, losses, and any appreciation or depreciation of the funds invested, net of administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(f) Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 minus the largest outstanding loan balance in the last 12 months; or (b) 50% of their vested account balance. The loans are secured by the balance of the participant's account. A participant may not have more than one loan outstanding at any one time unless it is a grandfathered second loan from an acquired company. Interest rates are established by the Plan Committee. Notes must be repaid within five years unless used to acquire a principal residence, in which case the note must be repaid within fifteen years. Principal and interest are repaid through after-tax payroll deductions. Interest rates for outstanding notes ranged from 3.25% to 7.5% at December 31, 2020 and 3.25% to 9.25% at December 31, 2019.

See independent auditors' report.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

During 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which provided the following benefits to eligible participants:

- The available loan amount was increased to the lesser of \$100,000 or 100% of the participant's vested account balance for loans issued between March 27, 2020 to September 22, 2020. For the year ended December 31, 2020, the Plan issued \$7,232,274 of coronavirus-related loans.
- Loan repayments could be deferred through December 31, 2020 without causing the loan to become delinquent and go into default. In 2021, the participant's loan balance plus the interest accrued during the deferment period would reamortize over the remaining term beginning January 1.

(g) Vesting and Forfeitures

Participants are always 100% vested in their contributions plus actual earnings thereon. With the exception of certain grandfathered employer contributions and earnings thereon as further described in the plan document, participants are always 100% vested in the Company's safe harbor matching contributions, the Company's prevailing wage contributions, plus actual earnings thereon.

Forfeitures attributable to the nonvested grandfathered employer contributions may be used to pay administrative expenses of the Plan or to reduce future employer contributions to the Plan. At December 31, 2020 and 2019, the forfeiture balance was approximately \$360,000. For the year ended December 31, 2020 no forfeitures were used to reduce Company contributions. For the year ended December 31, 2019 approximately \$76,000 of forfeitures were used to reduce Company contributions, respectively. No forfeitures were utilized to pay administrative expenses for the years ended December 31, 2020 and 2019.

(h) Benefit Payments

Unless otherwise stated in the plan document, an active participant may withdraw some or all of his or her account for reasons of financial hardship, upon the age of 59½ and for other such reasons. Upon retirement, termination of employment, death or permanent disability, participants or their beneficiaries may receive a lump sum withdrawal equal to the vested value of their accounts. Upon withdrawal from the Plan, participants may be subject to federal income tax on contributions and income earned.

Pursuant to the CARES Act, eligible plan participants were permitted to request up to \$100,000 in coronavirus-related distributions, with a repayment option of up to three years. The ability to request these distributions ceased on December 30, 2020. For the year ended December 31, 2020, the Plan disbursed approximately \$26,114,000 of coronavirus-related distributions.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

(i) Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, at the Company's discretion. Expenses that are paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation in fair value of investments. Transactional fees for withdrawals and loans are charged directly to the participant's account and are included in administrative expenses.

Note 2 - Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are presented on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019, as the notes are collateralized by the respective participant's account balance. In general, notes receivable from participants are considered in default in the quarter following the quarter in which no payment is made. Defaulted loans are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

(e) Investment Income Recognition

Realized gains or losses on the sale of investments and unrealized appreciation or depreciation in the market value of investments held at the end of the year are shown as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits. Interest is recorded on the accrual basis.

See independent auditors' report.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade date basis.

(f) Benefit Payments

Benefits are recorded when paid.

(g) Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 11, 2021, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

**QUANTA SERVICES, INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2020 and 2019**

The following is a description of the Plan's valuation methodologies for assets measured at fair value. There were no changes in methodologies used at December 31, 2020 and 2019.

(a) Money Market Fund and Mutual Funds

Valued at the daily closing price as reported by the fund, the money market fund and mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

(b) Common/Collective Trust Fund

The common/collective trust fund is valued at its NAV as determined by the issuer. The fair value of the fund is calculated on a daily basis by the issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes, as applicable, for the underlying funds. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the fund could result in a different estimate of fair value at the reporting date.

Note 4 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the trustee of the Plan that all of the information provided by them is complete and accurate. Information included in the financial statements and accompanying notes to financial statements as to investments, notes receivable from participants, investment income (loss), interest income on notes receivable from participants, and all the related information in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented in reliance solely upon those certifications.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes and the supplemental schedule mentioned above.

Note 5 - Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Note 6 - Tax Status

The volume submitter defined contribution plan document adopted by the Company received its latest advisory letter from the IRS dated March 31, 2014, stating that it was in compliance with the applicable requirements of the IRC. The volume submitter defined contribution plan document has been amended since receiving the advisory letter; however, the plan administrator, through its adoption of the volume submitter defined contribution plan document, believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

Note 8 - Nonexempt Prohibited Transactions

As reported on supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, \$792,030 consisting of \$670,618 of participant contributions and \$121,412 of participant loan repayments were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting nonexempt prohibited transactions between the Plan and the Company for the year ended December 31, 2020. The participant contributions and the participant loan repayments were remitted to the Plan prior to December 31, 2020. Lost earnings on \$107,953 of the untimely remittances were remitted to the Plan prior to December 31, 2020. The plan administrator is in the process of restoring lost earnings on the remaining \$684,077 of untimely remittances and will remit the lost earnings to the Plan as soon as administratively possible.

Note 9 - Party-in-Interest Transactions

The Plan invests in a money market fund, mutual funds, and a common/collective trust fund managed by Fidelity or one of its affiliates. Therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Code.

The Plan participates in a revenue credit program with Fidelity. Pursuant to the service agreement between Fidelity and the Company, Fidelity provides certain administrative services to the Plan. In situations where recordkeeping revenue earned in connection with plan services exceeds agreed upon compensation, Fidelity will deposit excess revenue in a suspense account in the Plan. The plan administrator can direct Fidelity to pay ERISA-qualified expenses and/or allocate unused revenue credits to eligible participants. The balance in the suspense account at December 31, 2020 and 2019, was approximately \$400,000 and \$660,000, respectively. For the years ended December 31, 2020 and 2019, approximately \$160,000 and \$25,000, was utilized to pay for Plan expenses. For the years ended December 31, 2020 and 2019, approximately \$640,000 and \$500,000 was reallocated to eligible participants.
